

## Day 1 Review

By: ALBANDARI ALOTAIBI

### 1. What is the different between vector graphic & Raster graphic?

Vector Graphics: Graphics that use points, lines, curves, and shapes based on mathematical equations to represent Images.

Raster Graphics: This type of artwork lends itself to photographic or artistic effects because color changes can be made smoothly.

### 2. What is the Maximum zoom rate in Illustrator?

64000

### 3. What does the workspace consist of?

- Menus
- Tools
- Options bar
- Panels
- Artboard
- Passboard

### 4. What is the benefits of Artboard?

- Specify the size.
- Everything inside the Artboard will print, and for outside the Artboard (Passboard) will not print.
- Exporting to other programs.

### 5. What is the name of the Area that has blue Rectangle?

Passboard

### 6. In the Passboard area, is the Blue Rectangle shown above will print?

No

### 7. Show the panel named Swatches.

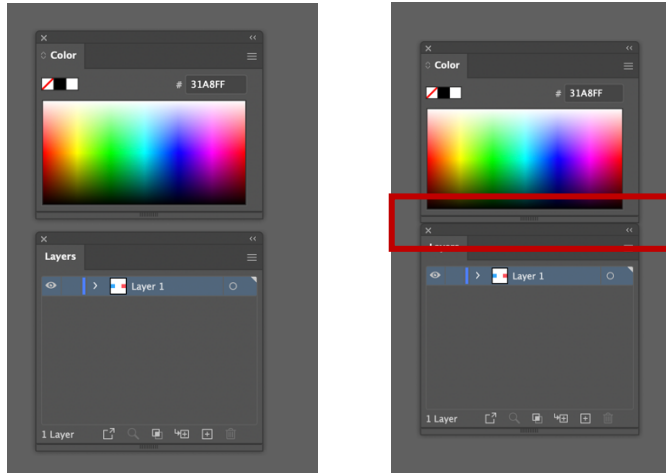

Form the Window Menu -> choose Swatches.

## 8. Apply Docking to the color panel under of the Layer Panel.

First separate the panels to the canvas and then drag the Layer Panel and place it under the Color Panel, you will notice that there is a blue line when you place the panel.

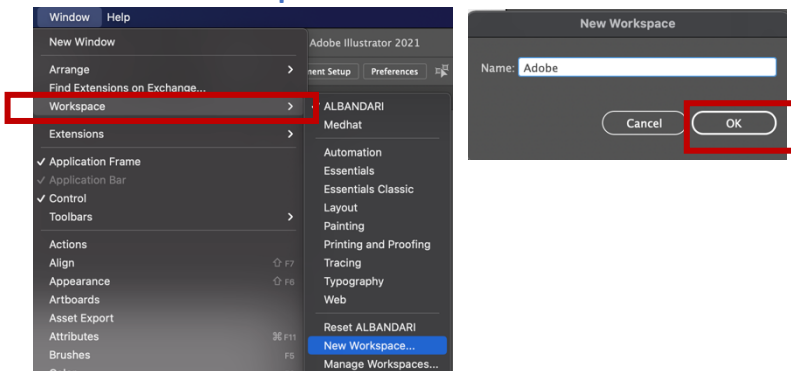

## 9. Choose 3 Types of Workspaces

- Automation
- Tracing
- Web
- Retouching

**Note: Here is All the Types of Workspaces (Memorize them!)**

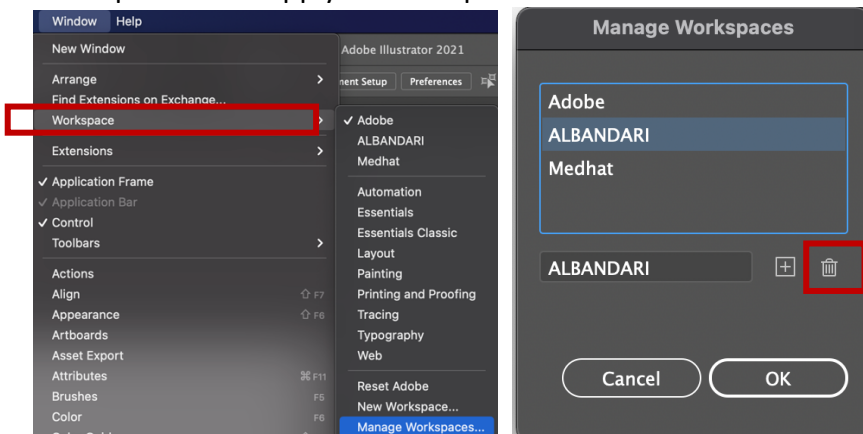

## 10. Create a workspace and name it Adobe.

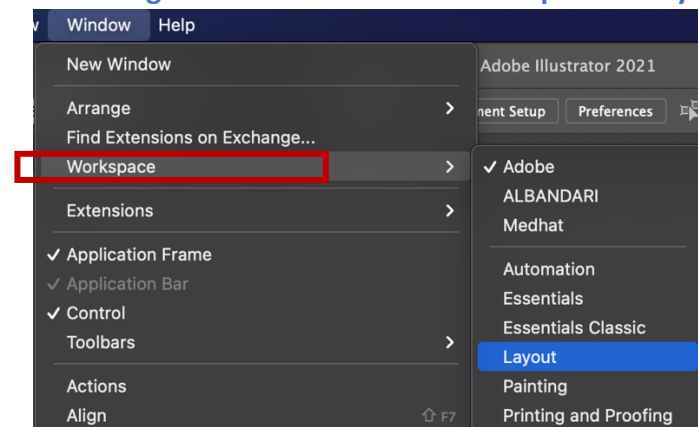

## 11. Delete the Workspace named ALBANDARI.

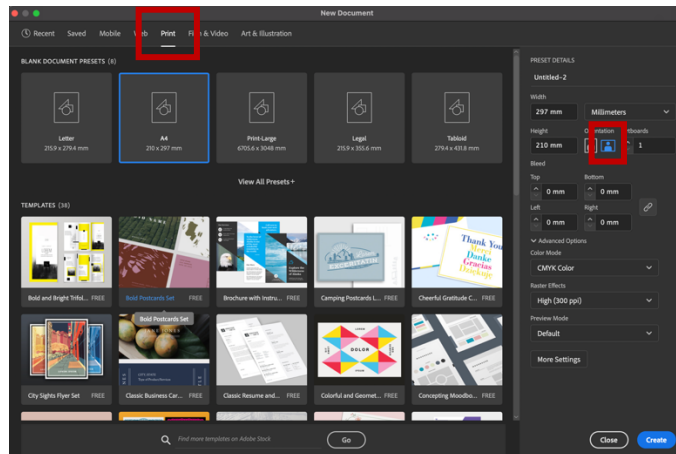

First, you need to change the Workspace to other one if we are currently on ALBANDARI Workspace. Then Apply these steps

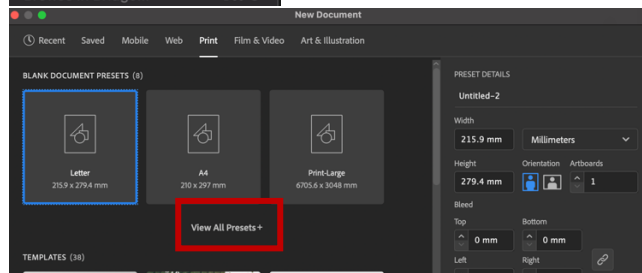

## 12. Change or Switch the active Workspace to Layout.

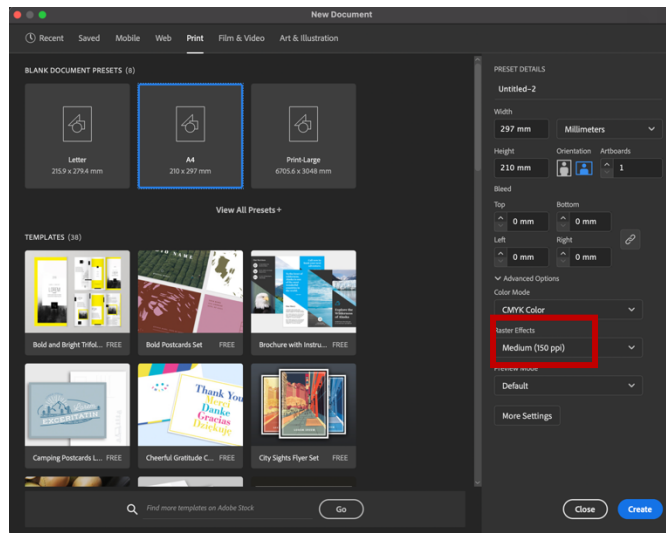

### 13. Create a New Print Document and make the orientation Landscape.

### 14. Create a new Print Document (Tabloid).

## 15. Create New Document for Print, A4 Landscape and make the Raster Effects Settings 150 ppi.

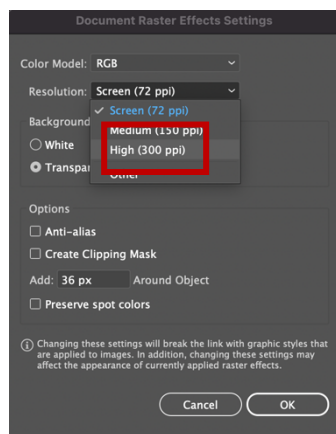

## 16. What is Raster Effects?

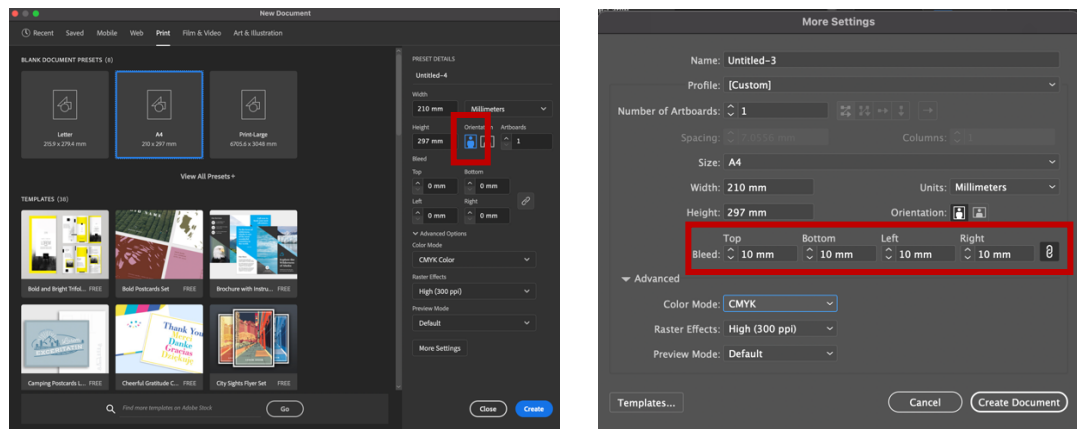

Raster effects are effects that generate pixels, rather than vector data. Raster effects include SVG Filters, all of the effects at the bottom section of the Effect menu, and the Drop Shadow, Inner Glow, Outer Glow, and Feather commands in the Effect > Stylize submenu.

From (adobe.com)

## 17. Change the Raster Effects Settings for this design from 72 to 300.

## 18. Create New Print Document and make the Size A4, Portrait with 10 m around Bleed.

**Note: The Results should be like this!**

## 19. What is Bleed?

The Area (Save Area) extends beyond the Artboard.
